Howard Thurman Quotes

Don't ask what the world needs. Ask what makes you come alive, and go do it. Because what the world needs is people who have come alive."

"The willingness to be to another human being what is needed at the time the need is most urgent and most acutely felt- this is to participate in a precise act of redemption."

"Despite the pressures under which we live, it is entirely possible to develop a sense of leisure as the climate in which we function. We cannot be in a hurry in matters of the heart. The human spirit has to be explored gently and with unhurried tenderness."

"To love is to make of one's heart a swinging door."
