

Peace in the Streets

The words were created and sung by youth at the Kids' Café held at Cadillac St. Park (BREC) during the summer of 2014. Kid's Café is a program of the Interfaith Federation of Greater Baton Rouge.

Peace. Peace. Peace. Peace. Peace. Peace. Peace. Peace. Peace. Peace. Peace, Peace,
Peace in the Streets.

Stop the Beef that's in the streets around the city; we're just looking for the Peace.

See how the people in the street; they love that violence
Man, y'all need to stop all that killing, so they could keep on living

I see mamas crying; I see babies dying
Stop killing keep on living

See da Mafia corrupting the streets
Where there violence there ain't no peace
People dying over beef
Mama worried and can't sleep

If we stop the killing and start the living
People won't be dying and crying see it's your time to shine
So let our peace make up for our crimes

Stop the shooting and the killing; thank God you're still living
Stop the dying and there will be no crying

Peace in the streets; start loving stop hating
Believe in yourself that you always have faith

Don't put dogs on a leash
Because they're avoiding peace

Stop the killing and keep on living
Stop the dying and it won't be no crying
Mamas crying babies dying

Stop the shooting and the killing.

Peace. Peace. Peace. Peace. Peace. Peace. Peace. Peace. Peace. Peace, Peace,
Peace in the Streets.
Stop the Beef that's in the streets around the city; we're just looking for the Peace.
